

Spanish Class
Carol Nursery School
October 26, 2009

For our final class focusing on los colores, we will begin with a book called Emma y sus amigos. Emma is having a costume party and she invites her friends who come disguised in their favorite colors. At the end of the story she asks the reader, "¿Cuál es tu color favorito?/What is your favorite color?" I will allow each student today to tell me one of his/her favorite color. Next the students will select a maraca in the color of their choice and we will dance to the song "De colores."
