

November 2, 2009
Spanish Class – Carol Nursery School

The theme for November is la comida/food! In addition to learning new food words in Spanish, I would like to practice manners with the children this month. You can help too. At dinner time (or anytime), you can encourage your children to say please and thank you in English and Spanish!

After reading about Apple Farmer Annie, I will make sure the students get to practice their manners by playing the part of el perro the puppet. El le gustan las manzanas./He likes apples. I will ask him if he wants a green apple or a red apple and el perro will answer, ¿[quiero] Verde (or roja) por favor! Of course he also has to remember to say gracias. The stamp for today is una manzana rojo or verde.
